

“There’s nothing as obsolete (and wonderful) as last year’s racing car.”

Unknown

Forristall's G.T. Cars long recognized internationally as a purveyor of rare and exotic automobiles is proud to announce the opening of our Championship Car Division.

Our current inventory is pictured above and as you can see it is significant as well as extensive. We are dedicated to preserving and fostering our uniquely American racing heritage and we invite you to join us in this endeavor.

We are currently seeking a straight-8 Miller racing engine (reward for leads) and we also require information on our 1923 Packard driven by Ralph De Palma.

Our search also continues for significant European as well as American racing cars of all types. Old race films, literature, posters, helmets, trophies and any other racing memorabilia are also sought.

	<p>1923 Packard <i>Ralph De Palma</i></p>		<p>1931 Bowes Seal Fast Special/ Miller <i>Louie Schneider</i> <i>Winner!</i></p>
